UNIVERSITY OF BRIDGEPORT CAMPUS WEEKLY

Stassen Seeking 'to Turn 'A' Bombs into Benefits'

Emphasizing the fact that the free people of the world must approach an agreement on disarmament together, Harold E. Stassen, Presidential advisor on the problem of disarmament, stated that the United States is "seeking to turn atomic bombs into atomic benefits for the welfare of mankind."

Expounding the virtues of brotherhood, Stassen said, that he perceived, "the remarkable development of our nation as a direct response to the concept of natural rights we have embraced."

Relating that the United States is in a "position of power in the world," Stassen continued by examining "the alternates open to us and how these alternates have been used by one nation or another in the past."

The first alternate was the use of military superiority to direct and control other nations. The second was to launch a form of economic imperialism or exercise tight-fisted political supervision on weaker nations. Both of these alternatives were rejected by "the tragic lesson of history, which show how nations have crumbled under the weight of their own selfishness, and how repugnant this type of policy would be to our exacting moral commitments."

Pi Delta Epsilon Conducts Fifth Annual Journalism Workshop

"The High School Editor Wants to Know" will be the theme of the Fifth Annual High School Journalism Workshop to be held this Saturday on the University's campus. Pi Delta Epsilon the national honorary journalism fraternity in cooperation with members of the SCRIBE, Wistarian and Helicon staffs, and the journalism and Public Relations departments of the University, will play hosts to students from public and private high schools throughout the state of Connecticut.

Members of the Student Council have a conference with Harold E. Stassen, Presidential Advisor on disarmament. (See page 3 for more exclusive SCRIBE pictures).

(Photo by HANDLER)

Seniors Take Record Exams

Dean Ropp of the College of Arts and Science announced that the Graduate Record Examinations will be given next Wednesday from 1-5 P. M. and next Friday from 1-4 P. M. in T-201.

These tests are offered to seniors only to facilitate entrance into other institutions of learning.

The examinations are divided into two parts; the first covering advanced areas of study and the second covering general fields of accomplishment. The tests will be administered by Prof. Charles Spiltoir.

The University of Bridgeport ranked above the median in percentile grading throughout the country and has shown distinct eminence in the advanced series of tests.

Approximately 150 secondary school journalists from more than 20 high schools are expected to attend the one day session, which will cover such topics as news and feature writing, copy editing, make-up, sports writing, reporting and business.

Herbert Brucker, editor of the Hartford Courant, will be the key-note speaker. A panel of newspapermen will also discuss "Misconceptions About Careers in Journalism."

Panel of Journalists

Panel members will include Mr. Brucker, Joseph C. Ryan, assistant manager editor, New London Day; Audrey Heusser, Eastern area director for the International Council of Industrial Editors and publications supervisor for Olin Mathieson Chemical Corporation at New Haven; Luis Villalon, vice-president of Fairfield County Publications; Rocky Clark, news editor of WNHCTV, Channel 8, and Ann Hoskins, editor of the Lakeville Journal in Lakeville.

Members of the University of Bridgeport chapter of Pi Delta Epsilon, who will participate in the Workshop, include: Michael Vail, Samuel Marks, Wes Hobby, Jr., Kenneth Hawman, Bernard Frank and Louis Csigay.

Also participating are Howard Broder, Gary Singer, Myra Seide, Alfred Lepow, Richard Handler, Victor Muniec and Joan Reck. Profs. William T. DeSiero, James Fenner and Howard B. Jacobson, along with William Whalen of WICC-TV, will serve as a welcoming committee.

Red Cross Offers Instructor Course

A Red Cross water safety instructor course will begin April 5, 8 P. M. at the YMCA. The minimum age is 18 and a Senior Life Saving certificate is required.

Classes will be held every Tuesday and Thursday from 8 P. M. until 10 P. M. for both males and females. This course is the only one of its kind to be offered locally this year and limited membership will be extended to those who are not regular members.

Wistaria Weekend Plans Schedule Gala Festivities

What promises to be the biggest and most gala Wistaria Weekend in the history of the University is being planned for May 6, 7 and 8. The festivities are opened by the Wistaria Ball, presented at the Ritz Ballroom on May 6.

A traditional Wistaria Queen, who reigns during the entire weekend, will be announced at the Ball.

Admission to the featured event is gained by exchanging your Student Activity ticket, each S. A. ticket admitting one couple. Information as to what ticket number is to be used and who is going to provide the mellow sounds at the Ball has not been released.

Mr. Alphonse Sherman, chairman of the Wistaria Weekend Committee, has released the following tentative schedule for the Weekend; Saturday's events will be initiated with a brunch at Marina Hall, after which the perennial Faculty-Student-Alumni Softball game will take place, along with other sporting events and a picnic.

That evening, dances and parties sponsored by various fraternities and sororities are to be held, while at the same time, an Alumni banquet and dance is to be held in the Stratfield Hotel. Sunday will see the presentation of another Al Dickason masterpiece, the ever colorful Wistaria Pageant, to be held at Marina Circle.

UB Representatives Go to N.Y. Conference

The Eastern Sociological Conference will take place in the Henry Hudson hotel, New York City on Friday and Saturday. Saul Goldwasser will represent the student body and the faculty will have Dr. Joseph S. Roucek and Dr. Abraham Knepler.

Advisees Meet Student Council Tuesday A.M. Question Stassen

The Faculty Adviser-Advisee meetings, scheduled for 10 A. M. Tuesday, are for ALL students.

All male students, both graduate and undergraduate, wishing deferment from military service for the academic school year, must complete a questionnaire in the Office of Student Personnel prior to May 3.

Students intending to withdraw from the University at the end of the Spring semester, must fill out the proper forms prior to May 3.

Frank Wins APO Annual Contest

Alpha Phi Omega's annual Ugly Man contest closed last Wednesday afternoon with Bernie Frank of Pi Omega Chi as first place winner with 878 votes. The runner-ups were Ed Cebry of Delta Epsilon Beta with 688 votes and Dick Ellis of Alpha Phi Omega, 548 votes.

The proceeds of this contest will go toward the production of a film about the University which is being made by Alpha Phi Omega fraternity.

Due to the fact that Harold Stassen did not arrive as scheduled, the Student Council was unable to ask all the questions that had been submitted by various students.

However, after the Jacoby Lecture, an informal discussion period was obtained with Stassen, at which time he entertained a few questions brought up by Student Council members.

As to the question of "do you think we should trade with Red China?", Stassen replied that he is "opposed to any trade with Red China that might help its war potentiality, but that trade consisting of peaceful goods, such as food, was acceptable."

Commenting further on the subject, Stassen said, that "the United States has cut off all trade relations with Red China." Continuing, Stassen stated that, "the United States doesn't need trade with Red China at this time for any purpose."

Later on, Richard Piroh, Pres. of Alpha Delta Omega Fraternity, presented Stassen with the Alpha Delta Omega Humanitarian Award, last year's winner being Gen. Carlos Romulo, guest lecturer at the third annual Frank Jacoby Lecture series.

A GREAT DANCE !!

One of the most entertaining dances of the year was held last Saturday evening in Alumni Hall. The Beachcomber's Ball, with its decorative costumes and "shipwrecked" atmosphere, provided an entertaining night for all who attended.

And speaking of those who did show up for the Ball, they were far and few between. At a nominal fee of 50c per person, the some 60 students and alumni who did show up, certainly did not regret it.

What could be wrong with this type of a dance. A dance that is sponsored by the Student Spirit Committee, under the spirited direction of Chairman Gene Marsh, in order to bring better relations to the campus at a minimum of cost.

Music? Although the leading music critics of the country have not passed judgement upon this band, no notice was made of anyone having a difficult time following the music.

Room to dance? Each couple on the floor had more than ample room to trip the light fantastic, without coming close to another couple.

The admission fee? If a Dollar a couple is stopping students from attending these type of dances, please send us your name and address. Via a special delivery letter your name will be forwarded to the nearest relief organization.

Food? All that would be consumed in a normal evening of dancing and then some was provided at the Snack Bar at the usual rates.

Drinks? Everything but alcoholic beverages were served. But then, perhaps that is what stopped the majority of future ————— from dancing at Alumni Hall.

Well, anyway, the SCRIBE would like to congratulate the Student Spirit Committee on behalf of those students who did attend. Furthermore, keep those kind of dances and events coming. Maybe someday the majority will "wise-up" to the fact that a dance or social event can be just as much fun without "drinking" as with.

STASSEN

(continued from page 1)

Stating that a policy of isolationism brought about the worst economic depression that this country has had, Stassen recalled that "the repercussions from this catastrophe swept around the world. Finally there occurred the explosion of World War II, threatening to engulf humanity."

Stassen stated that "the United States has launched an historically unique approach, crystallized currently as Pres. Eisenhower's partnership policy with other nations."

"We have seized the opportunity to incorporate the philosophy of respect for the individual human dignity into our relationships with other people."

In asking the question of "What do we offer the people of the lesser developed communities of the world?" Stassen asserted that we offer "a willingness to tackle with them staggering problems under the most undesirable conditions, an instinctive knack for management and organization, on which they

can draw, to support and encourage them in time of stress, and above all, a sturdy faith in man, his dignity and his capacity to do for himself what no other man can better do for him."

In concluding, Stassen stated that "the era of nuclear power is upon us. I do have faith that we can make it an age of nuclear plenty and create those conditions which will make possible a more perfect Brotherhood for all men."

Movie Star on Campus

"The Revenge of the Creature," a motion picture starting at the Majestic theatre tomorrow will show a UB student on a blanket with a Hollywood actress.

Eddie Hall, physical education student, was in St. Augustine, Fla. this past summer, when the Universal-International picture was made. He can be seen in a beach scene a few feet from John Agar and Lorrie Nelson. Eddie is supposed to be kissing a candidate for Miss St. Augustine. (He got paid for this?)

By Will Wrong

NEWSFLASH: Lenny's Wagon Wheel burned on the East Side of Bridgeport. Lenny's was the proposed site of Beta Gamma's "Rock 'N Roll Party," which will be held at nine o'clock tomorrow night.

Due to this unforeseen inconvenience, the dance will now be held in a closet off the main dining area in Alumni Hall. This is the only place in town that is available to accommodate the crowd that BG is expecting. So, fellows, hurry out and get yourself a tall, thin date, and come to the Beta Gamma Dance.

And here's another report, hot off the campus ticker-tape: Garge Male, Prexy of BG, has just jumped into the wading pond in Seaside Park with a gigantic rock tied to her ankle. (And she used to be such a nice kid too.)

All fooling aside, don't miss the Beta Gamma "Censored Dance" at Lenny's tomorrow night at nine.

Yesterday another step was made by the University to extend our beautiful campus to the scenic shores of Long Island Sound. UB officials and city council members met in the council chambers and decided to allow our school to paint the statue of P. T. Barnum with our school colors. Just think, we'll be the only college in the country to have a purple and white statue on our campus. During the meeting, the school was also given permission to soften the statue of Elias Howe, and to ease him into a sitting position. This will ruin a host of local Seaside Park jokes.

In Spring, a young man's fancy lightly turns to thoughts of Va-Va-Voom. It happened in the case of Eddie Hall, and his nuptial, Ching Garry of Boston Universally. Also in a happy state of romantic bliss are Jay Epsom salts and Joanne Raspberry of Cyanide Hall.

The Advisory Board of the SCRIBE met last week and proposed a change in the name of our campus weekly. Editor Howitzer B-Order suggested that it should be called the PURPLE SHAFT. He said that he could picture students running around Alumni Hall asking, "Did any-

one get the SHAFT today," He may have a point there.

Dolanda Yellmore, while performing an artistic dance routine at the DEB Dance last weekend, did a graceful leap into the air and popped a garter in the process. The snapped garter went into the audience and hit Bill Drinkwater, II Duke of SPA, right in the eye.

Bernie Milove is getting tired of all the kidding he takes about his name, and he is taking it into court to have it revised. He wants it changed to Saul Milove.

This reporter has been notified that rooms are available in Mealy Hall for commuting students who wish to take residence on campus. Mrs. Mealy or her (continued on page 4)

Golf Team Opens Season April 14 Against Iona Ellis Captures Honors for UB

The UB Golf team will open the season on April 14, against Iona College at the Mill River Country Club, Stratford, Conn. The schedule calls for 11 matches. Added to this is the Metropolitan Inter-Collegiate Golf Championship, in which the Knights will meet players from the schools within the metropolitan area of New York.

The rules call for one match a week to be played, and each player must challenge the man immediately ahead of him.

The members have been playing to get into shape for the past two weeks. The squad has looked pretty good even though all the kinks haven't been worked out from the winter layoff. The majority of the players shoot in the 70s when they hit their stride, and they are warming up to that in a hurry.

Hubie Vines' election as captain was announced last week. Tom McNeil was elected player manager. The roster lists 14 players, of which, two are freshman. Leading players in the past have been Dick Lockwood, Joe Cottle, Walt Leveen, Hubie Vines, Dick Watt and Sam Marks. These players are expected to meet past performances. If they do, UB should be a strong contender all through the season. Rounding out the roster are Bob

Connelly, Ed Denike, Al Weiner, Lou Csigay, Ed Stanczyak, Tom McNeil, John Keaves and John Liggins.

The starting players for the opening match cannot be determined until each player has had an opportunity to play another team member. This will be a process of elimination and the top six players will be the ones to represent the UB team.

Richard Ellis, in the Bridgeport City Open Swimming Meet, received one first and two second place honors.

Taking the coveted first position in the 120 yard medley, Ellis went on to capture the second spot in the 40 yard free style event and the second spot as a member of the 160 yard free style relay team.

Charlie Anderson, another member of the 1955 UB swimmers, proceeded to place fourth as a member of the medley relay team.

Both Anderson and Ellis are expecting to compete in the national A. A. U. meets this week.

Highlighting Beta Gamma's big weekend will be their annual "....." dance at Lenny's Friday. Saturday they will taper-off at a "beer" party and they will call it a cocktail thing Sunday. After all this, Elisse Wolfe is to start the pledge-ronies on their tasks.

Plans for Pi Omega Chi's fraternity formal are set to go into effect April 16. Honored at traditional third rites at Bert Vines' were new brothers Marshall Dickman, Bill Devine, Norm Shimelman and Joe Cumbo. . . no one, as yet, has turned up with Ron Richard's "unmentionables."

There is a new "junior" Alpha Delta Omega brother. . . Charlie Wilkenson's wife presented him with a seven and one-half pound husky, congrats. Also, in congratulatory order, Vinny Maggio was feted over the weekend. . . He'll step from bachelorhood later this year.

Theta Sigma's pledgester, Bob Symonds, was elected P. O. W. by the new brothers for his "very active" assistance during pledge week. The recent "Casino Party" was attested as the driest but most successful of the year . . . how come? . . .

At their banquet at Lenny's Sunday, Alpha Gamma Phi welcomed new brothers Gerry McDougall, John Farrell, Mort Fagherly and Gilly Mack. The AGP intramural basketball champs are setting their sights on the softball crown too. . . they were runners-up last season.

Sigma Omicron Sigma brothers are shaping up their first dance . . . it's entitled the "Bunny Hop" and is scheduled for April 15.

The Stonybrook Rest was the scene of an uproarious Sigma Phi Alpha pledge beer party. The pledges were sobered up when pledgemasters Al Cohen and Jay Erensahl laid down the law for the next week's proceedings.

The theme of Chi Sigma Delta's first pledge class is "Chi Sig" and means teamwork. The red and white clad pledges performed various tasks—for a fee that was contributed to the campus chest. Saturday, the girls are challenging Greek brothers and sisters to a series of five inning softball games. The gals will be formally initiated at dinner in the Barnum.

Kappa Beta Rho, long noted for its distinguished and sedate functions, held the first of a series of "smokers" Friday night. . . it was highlighted by an undis closed group doing the stockade shuffle. . . it will never replace the Mambo. . . Sattidy the Barnum executive suite (ahem) will house KBR antics.

*DROODLES, Copyright 1953 by Roger Price

"IT'S TOASTED"
 to taste better!

NO MATTER WHERE YOU ARE, you'll get more pleasure from your cigarette if it's a Lucky Strike. That's the point of the Doodle above, titled: Three deep-sea divers enjoying Luckies. You get deep-down smoking enjoyment from Luckies because they taste better. Why do they taste better? That's easy to fathom. First of all, Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. So, when it's light-up time, light up the better-tasting cigarette . . . Lucky Strike.

Better taste Luckies... **LUCKIES TASTE BETTER**... Cleaner, Fresher, Smoother!
